Subject: Safety Notice (Timely Warning) message per the Clery Act

In an effort to provide timely and accurate information to our students, staff, and faculty members, the following information is being provided to you so you may be aware of certain crimes reportable to the Clery Act. It is the purpose of the Clery Act to share this information with you so you may make informed decisions for your safety, the safety of others, and will aid in the prevention of similar crimes from occurring. The Clery Act mandates institutions issue a timely warning for all Clery Act crimes that occur on your Clery Act geography that are reported to campus security authorities or local police agencies; and considered by the institution to represent a serious or continuing threat to students and employees. (U.S. Department of Education, 2016, The Handbook for Campus Safety and Security Reporting, p. 6-12)

Please be advised on Thursday, March 8, a Campus Security Authority received a report of a fondling that occurred over the weekend. The student reported the incident took place in their residence hall located on the west side of campus by someone known to them.

Consent

The university's policy on sexual misconduct and relationship violence defines "consent" as the knowing and voluntary communication, through words and/or conduct, of an agreement to engage in a particular act, including without limitation a particular act of sexual contact or sexual intercourse. More information on this policy can be found at <http://titleix.utk.edu/>

Consent is never implied by a person's attire, reputation, consumption of alcohol or drugs, previous consent to sexual acts, or your relationship to the person. Sexual assault is never the victim's fault. The only person responsible for sexual misconduct is the perpetrator.

If you engage in sexual activity, be sure you understand your partner's limits, and communicate your own limits clearly. Don't engage in sexual activities without affirmative consent from your partner.

Even if you are under the influence of alcohol or drugs, you are still responsible for obtaining consent from the other person before initiating sexual contact.

The Clery Act requires the university to notify the campus community of certain criminal activity that occurs on university owned or controlled property. In addition, the university is required to provide safety tips that may aid in the prevention of similar crimes. The intent of a warning regarding a criminal incident(s) is to enable individuals to protect themselves. For further information on the Clery Act: <http://clery.utk.edu/> or <https://clerycenter.org/>.

For Safety Notices and Clery statistics, crimes are classified according to the regulations of the Clery Act mandated by the Department of Education. Though state law may categorize an incident differently, Clery definitions and classifications are strictly followed when labeling an incident for Clery reporting purposes.
