In an effort to provide timely and accurate information to our students, staff, and faculty members, the following information is being provided to you so that you can make informed decisions about your safety.

On Monday, April 1, the UT Police Department received a report of a rape that occurred in a residence hall on the west side of campus in the early morning hours of Sunday, March 31.

A female reported that she met an individual off campus and they later returned to a friend's residence hall room where she was sexually assaulted.

The UT Police Department is investigating the incident. The female is not a UT Knoxville student.

Information we want you to know about your safety and the safety of all Volunteers.

- Alcohol remains the #1 drug used to facilitate sexual assault.
- Do not let your own alcohol or drug use keep you from reporting, the only person responsible for sexual assault is the perpetrator.
- It is against UT policy to provide your building access ID to another individual.
- Be an active bystander. If you see something that doesn't look right, acknowledge the situation and safely intervene.

The [Clery Act](#) requires the university to notify the campus community of certain criminal activity that occurs on university owned or controlled property. In addition, the university is required to provide safety tips that may aid in the prevention of similar crimes. The intent of a warning regarding a criminal incident(s) is to enable individuals to protect themselves.

For Safety Notices and Clery statistics, crimes are classified according to the regulations of the Clery Act mandated by the Department of Education. Though state law may categorize an incident differently, [Clery definitions and classifications](#) are strictly followed when labeling an incident for Clery reporting purposes.
